531CS CHIEFTAIN 5TH WHEEL:

Whether you go 5th wheel or travel trailer, Winnebago is your best choice. This year, we introduce two new luxury 31-foot Chieftain 5th Wheels. And along with them, our improved 27-footers. In travel trailers, we offer you two great 23-foot Chieftains and our popular 21-foot and 19-foot Indians.

Our 1974 line of 5th wheels and travel trailers feature new fore and aft contours, which blend handsomely with the all new radius cornered windows. (Radius cornered louvered windows are a Winnebago exclusive). New flush door handles and assist-grips complete the new styling. And a new wider frame with wider stance means even better stability and towability this year.

Winnebago 5th wheels and travel trailers feature our exclusive Thermo-Panel®* construction. It's an outer layer of rustproof aluminum and an inner wall of tough paneling bonded to a thick core of solid insulating material. This is the same construction used in all Winnebago motor homes and travel trailers, and proven in over a billion owner-driven miles.

Choose Winnebago Confidently.

*"Thermo-Panel" is a registered trademark of Winnebago Industries, Inc.
